

I think it is outrageous that the FCC is allowing Sinclair Broadcasting to misuse our nation's airwaves to broadcast a smear video. They say it is news, but I don't think any reasonable person would call it that. They should have their licences revoked unless they agree to broadcast "Up the River" as well. Neither of these videos is news. but if they insist, than they should give the Kerry campaign equal time. Broadcasting "Stolen Honor" is abuse of Sinclair's broadcast license.
